

# Diploma of Reflexology (ATMS)

Flexible program to be studied full time or part time

**Pre-requisite is Certificate IV in Reflexology—Core modules in evening classes beginning soon**

The award of [The Diploma of Reflexology](#) allows you to reach the highest levels of Natural Therapies training available in Australia, comparable with the standards of Nature Care in Sydney (only without the travelling!!) Kaye Marshall will be teaching the course. She is a wonderful teacher and very experienced reflexologist and administrator.

The core modules for Reflexology are mostly the same as the other Diploma qualifications with the addition of Lymphatic Drainage or another subject you may choose upon discussion with Wendy and in line with your interests. You will then only need to do one or more

electives with a minimum of 50 hours.

For assistance with subject choices and study pathways, remember you are always most welcome to make a time to talk to Wendy at College or in a phone interview if that suits you better.

[Pathophysiology](#) Please refer to the **Diploma of Remedial Massage** course outline for details of course content.

[Supervised Clinic](#) - **50 hours** must be completed in general Supervised Clinic . Please refer to the clinic sheet for timetable and booking contact details. These hours are required to meet Industry and Health Funds standards. You will have a variety of ways to complete them.

[Electives](#) - You will need an elective with a minimum of 50hrs in addition to core modules hours to be completed for the Diploma – an extra one if you choose not to do Lymphatic Drainage. **You may already have studied a subject that will qualify.** For electives course outlines please refer to the **Special Courses Outline**. As this is a small college there are lots of advantages for you. If there is a course you would especially like to add to your qualification as an elective, please come and talk it over and we may be able to accommodate you.

Module Name	Wks	Day	Dates	Time	Cost
<a href="#">Nutrition includes wonderful comprehensive text book</a>	25x	Monday	evenings beginning 22/02/10	6.30pm - 9.00pm	\$1895
