

# Payment Plans 2010

You are invited to take the first step in enrolling with the College of Natural Therapies by coming in to the college during office hours, or phoning us to set a suitable time for your interview.

We will help you in planning your study course taking into account your family and /or work commitments and the time frame you prefer to complete your qualifications for Professional Training Courses. We will assist you with the choice of electives and answer any questions you may have.

## Payment plans we offer for your assistance and convenience:

Full Qualification Payment before beginning a Professional Training Course, such as a Certificate IV in Aromatherapy, Reflexology or Massage Therapy Practice, attracts an \$800 discount.

Term Payments at the beginning of each of the 4 Terms in the college year which coincides with the New South Wales public school terms. At your interview we will total your fees for the year, including electives, in line with your study plan and divide them into four payments to be paid **one week before** each term begins.

Late payment results in an admin fee of \$50 extra, and payment on time will earn you a concession of \$50.

Payment before the start of each module you are studying in the year. In your interview prior to enrolling in your course, the modules you are planning to do are noted and it is then your responsibility to ensure you know when each new module is starting and have the fees for that module paid in full **prior to** classes for that module beginning. Late payment attracts an admin fee of \$50.

Payment on time, before classes start, earns you a small concession depending on the length of the module. It is worth your while to be on time!

Direct Debit of fees on a monthly basis: In your meeting with us prior to or on enrolling with the college, the total cost of the modules you are completing during the year will be added and the total divided into 10 monthly payments to be paid by direct debit **in the first week** of each month. The first payment will be in February, and the last in November. Late payment attracts an admin fee of \$50 This method works well for a lot of students and eliminates any fuss for anyone!

## General Information:

- Several of the banks have what are called Deferred Student Loans for students studying full time at a Registered Training Organisation. The last information we received on the subject allowed from \$2,000 to \$20,000 to help with course fees or other expenses when undertaking a Professional Training Course. Conditions apply and you will need to talk to the banks if you are interested. The NAB also allows a further 3 months to finish discharging the loan.
- Austudy, Abstudy and Centrelink may assist you if you are eligible. You will need to talk to them. We will assist with documentation if necessary.
- For further information, please come in and see us. Call first to ensure the office is attended by Wendy or Andrea. Appointments may be made outside office hours if you need us to do so. Our phone number is 4367 4277 and office hours 9am to 1pm week days.
