

Why Study with us?

For more than 16 years The College of Natural Therapies has offered a wide range of accredited professional training and lifestyle courses in the areas of Massage, Beauty and Spa

Therapies, Reflexology, Nutrition, Aromatherapy

Energetic Healing and many other smaller areas of interest in personal development and enrichment.

We invite you to join us on a journey of professional and personal growth. We can offer you, in addition to our experience:

- The highest level of nationally recognised qualifications with [ATMS](#) (The Australian Traditional Medicine Society) and [VETAB](#) (Vocational Education Accreditation Board) NSW. We currently offer courses in the [latest Govt. Health Training Package HLT07](#)

- We are a [Government Registered Training Organisation](#) (RTO 7021). If you complete the Diploma of Remedial Massage

(HLT50307) you will gain advanced standing in the Bachelor of Health Science (Natural Medicine) or equivalent at several NSW universities. A great way to study towards a degree in this fast growing field!

- Full status as a [teaching College with ATMS](#) with additional accreditation of our courses.
- Job ready in 10 months of full time study (minimum 14 hrs a week) Certificate IV level.
- [Flexible arrangements](#) of modules to allow you to study as many or as few at a time as you wish.
- [Flexible entry and exit](#). You may begin study at most times of the year.
- We have some [great payment plans](#) to assist you to finance your study. Fees may be paid module by module rather than a big upfront payment. You can enrol and pay your fees by post, in person or work with us to devise a personal payment plan to suit your circumstances. [You must visit the college and talk over your options. Good discounts available for full payment up front or on negotiation.](#)
- [Classes have a numbers limit to ensure optimum learning conditions](#). Provided your class attendance is at least 80%, all assignments and clinics completed and fees up to date, [we will work with you until you reach the levels of competence required for your qualification.](#)

- A significant number of modules are common to a range of different modalities and so makes gaining qualifications in a number of areas, time and cost effective. [Most students earn a dual qualification](#) at least, which enhances their job opportunities and skills base. Employers are looking for a wide skills base. We provide that for you. Our students are in demand all over the coast!

All courses are conducted in our College premises. [A peaceful and happy learning environment in a natural bush setting](#). We have students who continue to return to study more every time we add to our course offerings!

- [Teachers who love to teach and are successful and committed role models](#). We have developed a great reputation for excellence and professionalism. We are, "leading the way, naturally"!
- Great [opportunities to gain work experience](#) and assist in the community as you learn.
- Job register for your further assistance in becoming established in the Natural Health, Sports, Spa and Fitness industries.
- Classes are conducted in the [evenings](#), at the [weekends](#) and on some [mornings](#) for your convenience
- Austudy, Abstudy and Centrelink approved for **some** students. Contact Centrelink for details before you come to enrol. We are happy to help you with any assistance for which you may be eligible and assist with the written requirements from the College to help you.
- The National Australia bank (and other banks too) offers Tertiary Student Package Loans from \$2,000 to \$20,000 for students of Registered Training Organisations studying full time a VETAB accredited course. (Conditions apply) For further details please contact the bank. Our RTO (Registered Training Organisation) code number is 7021. Come in and meet us if this where your career interests lie!
